design & print the way it should be

LOCAL COMPANY ON THE WAY TO BUSINESS GLORY

Fresh Design & Print, based in Aylesbury, has won a **Scoot Headline Award** in the national campaign to find Britain's most successful companies.

They competed against more than 400 other nominations in the Awards, and they will be presented with their trophy at a glittering presentation ceremony in Millbank Tower, London on April 28.

As a result of this Scoot Headline Award success, they have been invited to have their winning paper published in The National Business Leaders Yearbook, the leading work of reference on successful business techniques and best practice, so that others can follow their lead and learn from their achievement.
